Dear Mr. Draper:

On February 18, 2004, the Department of Environmental Services, Waste Management Division ("DES") conducted an inspection of Draper Energy Co., Inc. ("Draper") in Wilton, NH. The purpose of the inspection was to determine Draper's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Draper was issued Letter of Deficiency No. WMD 05-04 (the "LoD"). Based upon a review of Draper's submittal received on March 9, 2005, DES has determined that your facility has corrected the deficiencies identified in the LoD.

Please be advised that DES will continue to monitor Draper's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Robert Bishop or me at (603) 271-2942. Thank you for your cooperation.

Sincerely,
